DEBORAH HAWLEY

My staff and I hope that you find the following information helpful as you read through and learn about the Department and some of the many things that happen at the Gemini Center and around the City through our Parks. I encourage you to get involved and be active in your daily lives. Although I have only been here for a short while, I am very proud of our facilities and the dedicated staff that make the whole system work. We continue to work hard and strive to give our patrons/community the best we have to offer. During 2015 we have served over 3,000 participants through 50 different types of programs and we would love to see you here taking part in the fun!
