CUYAHOGA COUNTY
Solid Waste Management District

About the Cuyahoga County Solid Waste Management District

The Cuyahoga County Solid Waste Management District is one of 52 solid waste management districts created by Ohio's counties following the passage of the Ohio Solid Waste Disposal Act in 1988. This law required districts to prepare and implement plans to reduce the amount of waste disposed in Ohio's landfills by increasing recycling and waste reduction activities statewide.

The District is governed by a Board of Directors and is advised by a Solid Waste Policy Committee which oversees the implementation of the Cuyahoga County Solid Waste Management Plan. The District is funded by a "generation fee" levied on each ton of solid waste generated in Cuyahoga County and landfilled in Ohio. No fees are levied on waste that is recycled or composted.

The Solid Waste Management District works to promote environmentally-sustainable and economical solid waste management practices within the communities, institutions and businesses of Cuyahoga County. The District offers a wide variety of services designed to increase recycling opportunities, divert waste from landfills, promote environmental awareness, and support local recycling-based businesses.

Year-Round Services

Business Recycling Assistance
Education Programs
Group Presentations & Speakers Bureau
Household Hazardous Waste Disposal Program
Litter Collection Program
Local Government Consulting Services
Publications
Recycling & Disposal Hotline

Special Waste Collection Events (Seasonal)

Elect to Recycle: campaign sign recycling collection
Holiday lights recycling collection
Recycle Your Computer Month
Scrap Tire Round-Up
Shred Days

For more information on our services, contact us at (216) 443-3749 or visit www.cuyahogaswd.org

Introduction

The Cuyahoga County Solid Waste Management District is pleased to publish its sixth edition of *Pass It On: A Resource-Full Guide to Donating Usable Stuff*. This edition was published in May 2014. Since 1997, this booklet has been helping thousands of people pass on their unwanted but usable items to those in need. Listed inside are over 120 community service organizations that use donated items to support their work. These organizations work on behalf of youth, seniors, the homeless, animals and others in Cuyahoga County.

Toys, art supplies, clothing, books, school supplies, office equipment, sporting goods, tools, furniture and more can be donated. We hope that you will use this booklet before throwing away your usable stuff. Doing so will help others while reducing waste and conserving natural resources.

This booklet is also available on our website as a searchable database. The database lists the most current information available for these non-profit organizations. To access the online *Pass It On* database, visit www.cuyahogawd.org and click "Publications."

If you would like your organization included in our next edition or would like to comment on this booklet, please contact the District.

How To Use This Guide

This guide has two parts: the Donation Index and the Organization Directory. Use the Donation Index to quickly find the names of organizations that accept the things you wish to donate. Once you have identified those organizations, look them up in the Organization Directory to read more about them and their donation procedures. We included donation procedures for each organization as a reference only.

To learn more about an organization, visit their website or find them on social media. Most non-profits have a Facebook page or a Twitter account where you can interact with them about their mission and their donation wants and needs. Organizations on Facebook are noted in this guide.

Tips on Donating Usable Stuff

When donating your unwanted items make sure they are clean and are in usable, working condition. You must call the organization you have selected before dropping off your items. Donations that have not been arranged or have been left after hours can become “uncharitable” donations if they are not needed or are unusable.

Always contact the organization directly to verify that they need your item(s) and to arrange your donation.

While this guide lists over 135 places to donate unwanted items in Cuyahoga County (and just beyond its borders), it is not exhaustive. Other donation possibilities exist in your local school, church, theater company, nursing home and library. Be creative and think of who might benefit from your unwanted items.

The information included in this guide was provided in response to our inquiries. Information may have been edited for consistency and space constraints. Mention in this guide does not constitute an endorsement by the Cuyahoga County Solid Waste Management District.

Tax-Deductible Donations

Your Donation of Used Goods May Be Tax-Deductible.

Below are some general tax tips related to donating. For complete information contact your accountant or tax advisor.

- Individual contributions of \$250 or more must be substantiated with written proof from the charity.
- The Internal Revenue Service lets taxpayers claim the “fair market value” of the item at the time the donation is made. While most charities will provide a receipt for your donation, most will not appraise the value of donated items.
- To help you determine the value of your donation, obtain a copy of IRS Publication #561, Determining the Value of Donated Property or #526, Charitable Contributions. Visit www.irs.gov or call the Cleveland IRS office at (216) 522-4048.
- Contributions to civic leagues, social clubs and business leagues are not tax-deductible; nor are donations made to for-profit thrift stores or merchandise sold on consignment.
