PROGRAM ACTIVITY DESCRIPTION- Maximum 1 page

Describe the neighborhood, businesses and/or properties affected by the proposed activity. If buildings are vacant, describe plans for future use. Describe the beneficiaries of the activity. Describe the participation by the property/business owner in the activity (financial, sweat equity, etc.). Describe how properties were or will be identified.

The City of Fairview Park ("City") is requesting \$50,000 in Storefront Renovation Program grant funds to assist in the revitalization of three commercial properties located on Lorain Road, Fairview Park's main thoroughfare. All three properties are part of "Downtown Fairview Park," a 10-block segment of Lorain Road identified as the downtown core in the City's 2013 Master Plan Update (Attachment 1). Downtown Fairview Park is a mixed-use corridor bookended by West 213 and West 223 Streets, and is considered by many to be the center of the City. It is essential to Fairview Park's internal identity.

The proposed activities will focus on three properties located in the West 214/215 block at the eastern edge of Downtown Fairview Park (Attachment 2). This particular block is in an Improvement Target Area and was chosen specifically because it has a higher density of vacant buildings and storefronts than other sections of Lorain Road. The three properties discussed below were identified via a Rebate Request Form created and distributed by the City (Attachment 3). Four responses were received encompassing five different properties. A review team of City officials narrowed the program scope to the following:

PROPERTY #1 - 21405 LORAIN ROAD, FAIRVIEW PARK, OHIO 44126 PPN: 321-33-008

TOTAL PROJECT COST: \$40,000+; MAXIMUM REBATE: \$20,000

Currently vacant, this property was purchased in May of 2015 by Karry Trotter, owner/operator of Custom Fit Kids, to be the new home for her business. Custom Fit Kids is a 501(c)(3) non-profit that teaches youth ages 8-13 healthy living and life skills, e.g., running a business and finances, in an interactive atmosphere. The property at 21405 Lorain Road fell into significant disrepair over time and will undergo substantial exterior renovations. Ms. Trotter and her family will invest both cash and sweat equity to complete the necessary renovations. Current photos and a proposed rendering of the property are available in Attachment 4.

PROPERTY #2 - 21531 LORAIN ROAD, FAIRVIEW PARK, OHIO 44126 PPN: 321-29-013

TOTAL PROJECT COST: \$40,000+; MAXIMUM REBATE: \$20,000

Currently vacant, Fairview Park residents Heather and Tim Eber will close on this property in December of 2015. The property will become the new home of their business, Duck Duck Daycare, which is currently operated out of their house. The demand for the services of Duck Duck Daycare has grown beyond what the Ebers can legally provide in-home, prompting them to expand to a commercial storefront. The property has fallen into disrepair since it was vacated by its previous tenant. The Ebers are investing cash into renovating and updating the entire property and correcting code violations. Current photos and a proposed rendering of the property are available in Attachment 5.

PROPERTY #3 - 21545-47 LORAIN ROAD, FAIRVIEW PARK, OHIO 44126 PPN: 321-29-004

TOTAL PROJECT COST: \$15,000 - 20,000; MAXIMUM REBATE: \$10,000

This property was vacant for a couple years before being rented earlier this year by Strive Elite Fitness, a business that offers personal training services. Property owner Peter Holick is looking to reinvest in his property, including the correction of code violations. Mr. Holick is seeking funds for roof repairs, which will complement additional exterior work being undertaken outside the scope of this grant. He will contribute cash to the project. Current photos of the property available in Attachment 6.

The beneficiaries of the proposed projects are many. In addition to the property and business owners who will benefit directly from receiving financial assistance, the projects are expected to indirectly benefit the entire Fairview Park community. A city's downtown is in many cases the first impression of a community and its values. Place matters and nobody wants to visit a place that appears tired and unkempt. The proposed projects will improve the aesthetics of Downtown Fairview Park and is expected to help encourage additional private investment from local business and property owners. Approximately 6-9 new jobs are also expected to be created due to these projects.

ACTIVITY IMPACT- Maximum 1 page

Describe how the project will assist the community achieve the stated goals or vision of the community Master Plan or Economic Development Plan. Include why the proposed activity is needed and what outcomes will be achieved from the proposed activity. Explain how the proposed activity fits strategically with other development activities already planned and underway in the community or surrounding area. Describe the proposed improvements (e.g., code repairs, exterior finishes, awnings, painting signage, etc.),

The projects proposed as part of the 2016 Commercial Property Reinvestment Program are necessary to help facilitate a number of exterior improvements to commercial buildings on Lorain Road in need of maintenance and repair. The proposed activities encompass a wide range of exterior improvements including: new windows and doors, roof replacement, new landscaping, asphalt resurfacing, and the addition of awnings, exterior lighting, an ADA-complaint ramp at 21405 Lorain Road; the removal and replacement of façade, new windows and doors, installation of external egress and security lighting, tuck pointing, roof repairs, installation of signage, accessibility improvements, repair of broken asphalt and concrete, and installation of decorative planters and vinyl fencing at 21531 Lorain Road; and roof repairs at 21545-47 Lorain Road.

The City of Fairview Park ("City") is expecting a number of outcomes from the proposed projects. The exterior renovations will improve the aesthetics of Downtown Fairview Park and help encourage additional private investment from local business and property owners. The City also believes the proposed projects will help improve public perception of Lorain Road, which has suffered due to storefront vacancies along the business corridor.

The proposed projects address a number of objectives included in the City's 2005 and 2013 Master Plan Updates. The 2005 update recommended more broad goals such as using public funds to leverage private investment for commercial expansion and redevelopment and continuing the redevelopment of underutilized properties. The 2013 update was more specific and recommended a downtown area along Lorain Road be identified. The proposed projects will help achieve each of these goals.

If awarded, the proposed projects will complement a number of other community and economic development projects currently underway. An initiative is underway in Fairview Park to revitalize the Lorain Road business corridor. In practice, there are a variety of moving parts that, collectively, are hoped to stimulate private investment, new businesses, and growth of existing businesses.

A grassroots group of residents operating under the name Forward Fairview Park is working to improve the appearance of Lorain Road and support existing local businesses by encouraging increased patronage in the community. This group has established goals, a financial framework, and is currently working on community outreach and program implementation.

The grassroots efforts of Forward Fairview Park are complemented by a number of public investments taking place in and around Downtown Fairview Park. In October of 2015, the City submitted to Cuyahoga County a Municipal Grant application for funds to improve the safety of residential sidewalks that connect to Downtown Fairview Park. The City believes making pedestrian access to Lorain Road as safe and convenient as possible will pay dividends to the revitalization of the business corridor. The City is also currently reexamining its civic beautification efforts for 2016 and intends to consolidate the majority of its hanging baskets into the Downtown Fairview Park area to improve the aesthetics of the corridor.

The City's efforts are matched by the private investments made by new and existing businesses in the Downtown Fairview Park footprint. New businesses include Goldfish Swim School (21599 Lorain Road), Dollar Tree (21739 Lorain Road), Riya's Nails (22080 Lorain Road), and Flawless Beauty (22067 Lorain Road). Existing businesses that have invested in their property include Gunselman's Tavern (21490 Lorain Road) with the future addition of a patio area, Gone to the Dogs (22219 Lorain Road) that expanded into its neighboring storefront to provide dog daycare services, and Exotic Nails (21895 Lorain Road) that relocated to a large storefront at Fairview Shopping Centre.
