Re: Emergency Legislation

The Administration of the City of Fairview Park is requesting suspension of the rules requiring three readings and passage of the following legislation with two readings on Monday, June 20, 2016, as an emergency:

Ordinance 16-19 Authorizing the City Engineer to Prepare Plans and Specifications for the 2017 Water Main Replacement Within Certain Streets and Declaring an Emergency.

Ordinance 16-20 Authorizing the Director of Public Service and Development to Advertise for Bids and the Mayor to Enter into a Contract for the 2017 Water Main Replacement Within Certain Streets as Determined by the Board of Control and Declaring an Emergency.

On May 13, 2016, the City of Cleveland Water Department notified the City Engineer of the results of the spring Suburban Water Main Renew Program. Of the 5 requests submitted 3 were funded. Approval of these Ordinances prior to the summer recess allows City Staff to complete the necessary field work during good weather months. Further, this will allow City Staff to submit the City of Cleveland Water Department for final approval, a process which takes 2-3 months, well advance of the 2017 bidding cycle. Requesting bids early in the cycle generally solicits more bids and potentially lower prices. As a result, the Administration respectfully requests passage on second read.
