

Dear Ward 4 and Fairview Park residents,

I wanted to extend an invitation to attend the next upcoming Committee Meeting of Fairview Park City Council.

Many of you know that the engineering firm of Black & Veatch has been working to build a city-wide model of our sewer and water system. They will be presenting their results and recommendations to Council on Monday, October 26th at 7:00 p.m. in Council Chambers on the 3rd floor of city hall. Once the agenda for the meeting is prepared, we send to you as a reminder.

I hope that you will be able to attend this informative session.

Please feel free to reach out with any questions or comments.

John M Hinkel
Council Ward 4
